

November 25, 2020

Dear Valued Customers and Manufacturers,

We hope this letter finds everyone well. HMI has recently switched our ERP system to NetSuite. The format on our Quotes, Purchase Orders, Invoices, etc... are in a different format and may be sent to you via our automated system.

Please be on the lookout for documentation from us, and don't forget to check your spam or junk folders. Please contact us at 704-523-5000 for additional information. Thank you and continue to stay safe.

*Geoffry Bent*
